Chair Versa High Back

FACTORY LOCATION

Bhagwanpur-Roorkee

- Height Adjustable Back and Arms

T-spine Structure

Active Bio Synchro Mechanism

Seat Depth Adjustment
- The contoured lumbar area can be adjusted to suit the user’s back profile by adjusting the back height
  - This supports the contoured chair back, providing flexibility in the back height adjustment
  - An auto back-tilt tension adjustment. This is based on a user’s body weight in which the seat ‘glide’ function during tilting ensures proper lower back support
  - This allows the seat to be adjusted in a forward or backward position, enabling long-term comfort while performing multi-role tasks
